*“We are very excited about the Sagikor transaction which we completed in June and we are happy to welcome those resorts and their significant base of earnings and brand affiliations to Playa's portfolio. While only including one-month of contribution to our Second Quarter results, the portfolio is performing above our initial expectations and this is before implementing many of the value-enhancing initiatives we've identified. We are very encouraged by these early results and look forward to further enhancing value at these excellent resorts.”*

*– Bruce D. Wardinski, Chairman and CEO of Playa Hotels & Resorts*

- On June 1, 2018 we completed a business combination with certain companies affiliated with Sagicor Group Jamaica Limited (collectively, “Sagicor”), whereby Sagicor contributed to Playa a portfolio of five all-inclusive resorts and two adjacent oceanfront developable land sites located on the desirable North Coast of Jamaica. The portfolio includes four existing resorts including the 495-room Hilton Rose Hall Resort & Spa, the 268-room Jewel Runaway Bay Beach & Golf Resort, the 250-room Jewel Dunn’s River Beach Resort and the 225-room Jewel Paradise Cove Beach Resort & Spa. It also includes an 88-room hotel tower and spa, two developable land sites with a potential density of up to 700 rooms and a hotel management contract for the Jewel Grande Montego Bay. The existing assets were previously managed by an external third-party operator but Playa assumed management of the assets on the closing of the transaction. Consideration for such assets, which was subject to certain post-closing adjustments, was comprised of 20,000,000 shares of Playa’s common stock and \$93.1 million in net cash. In addition, two individuals nominated by Sagicor joined Playa’s Board of Directors upon the consummation of the transaction.
- On June 7, 2018 we entered into the Second Amendment (the “Amendment”) to our Amended & Restated Credit Agreement dated as of April 27, 2017 (the “Existing Credit Agreement”). The Amendment amended the Existing Credit Agreement to, among other things (i) effect an incremental term loan facility of \$100.0 million (the “Incremental Term Loan” and, together with the existing terms loans that were in effect prior to the amendment, the “Term Loan”) pursuant to the exercise of our option to request incremental loans under the Existing Credit Agreement and (ii) decrease the interest rate applicable to the Term Loan by 0.50% to, at our option, at either a base rate plus a margin of 1.75% or LIBOR plus a margin of 2.75%. Other terms set forth in the Existing Credit Agreement, including those disclosed in our Annual Report on Form 10-K filed on March 1, 2018, were not effected by the Amendment.

- (1) Total Net Revenue represents revenue from the sale of all-inclusive packages, which include room accommodations, food and beverage services and entertainment activities, net of compulsory tips paid to employees in Mexico and Jamaica, as well as revenue from other goods, services and amenities not included in the all-inclusive package. Government mandated compulsory tips in the Dominican Republic are not included in this adjustment as they are already excluded from revenue in accordance with U.S. GAAP. A description of how we compute Total Net Revenue and a reconciliation of Total Net Revenue to total revenue can be found in the section "Definitions of Non-U.S. GAAP Measures and Operating Statistics" below.
- (2) Owned Resort Revenue excludes Management Fee Revenue, Jamaica delayed opening accrual reversal and MICE (meetings, incentives, conventions and events) income.
- (3) A description of how we compute Owned Resort EBITDA and a reconciliation of Net Income to Owned Resort EBITDA can be found in the section "Definitions of Non-U.S. GAAP Measures and Operating Statistics" below.
- (4) A description of how we compute Adjusted EBITDA and a reconciliation of Net Income to Adjusted EBITDA can be found in the section "Definitions of Non-U.S. GAAP Measures and Operating Statistics" below.

## *Balance Sheet*

---

As of June 30, 2018, the Company held \$145.9 million in cash and cash equivalents. Total interest-bearing debt was \$1.0 billion, comprised fully of Term Loan B secured debt due 2024. As of June 30, 2018, there were no amounts outstanding on the Company's \$100.0 million Revolving Credit Facility.

We have spent \$88.9 million thus far on the development of our 750-room Hyatt Ziva and Zilara in Cap Cana, Dominican Republic, including purchasing the land. Adjusted net debt excluding cash and the spending on Hyatt Ziva and Zilara in Cap Cana is \$766.8 million.

## *Guidance*

---

The Company's previously announced annual guidance for 2018 remains unchanged. Achievement of the anticipated results is subject to the risks disclosed in the Company's filings with the U.S. Securities and Exchange Commission. The Company expects Adjusted EBITDA for the full year 2018 to be as follows:

	<b>Low End</b>	<b>High End</b>
Adjusted EBITDA	\$179.0 million	\$185.0 million

## ***Forward-Looking Statements***

---

This press release contains “forward-looking statements,” as defined by federal securities laws. Forward-looking statements reflect Playa’s current expectations and projections about future events at the time, and thus involve uncertainty and risk. The words “believe,” “expect,” “anticipate,” “will,” “could,” “would,” “should,” “may,” “plan,” “estimate,” “intend,” “predict,” “potential,” “continue,” and the negatives of these words and other similar expressions generally identify forward looking statements. Such forward-looking statements are subject to various risks and uncertainties, including those described under the section entitled “Risk Factors” in Playa’s Annual Report on [Form 10-K](#), filed with the SEC on March 1, 2018, as such factors may be updated from time to time in Playa’s periodic filings with the SEC, which are accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov). Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this release and in Playa’s filings with the SEC. While forward-looking statements reflect Playa’s good faith beliefs, they are not guarantees of future performance. Playa disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data or methods, future events or other changes after the date of this press release, except as required by applicable law. You should not place undue reliance on any forward-looking statements, which are based only on information currently available to Playa (or to third parties making the forward-looking statements).

## ***Definitions of Non-U.S. GAAP Measures and Operating Statistics***

---

### ***Occupancy***

“Occupancy” represents the total number of rooms sold for a period divided by the total number of rooms available during such period. Occupancy is a useful measure of the utilization of a resort’s total available capacity and can be used to gauge demand at a specific resort or group of properties for a period. Occupancy levels also enable us to optimize Net Package ADR by increasing or decreasing the stated rate for our all-inclusive packages as demand for a resort increases or decreases.

### ***Net Package Average Daily Rate (“Net Package ADR”)***

“Net Package ADR” represents total Net Package Revenue for a period divided by the total number of rooms sold during such period. Net Package ADR trends and patterns provide useful information concerning the pricing environment and the nature of the guest base of our portfolio or comparable portfolio, as applicable. Net Package ADR is a commonly used performance measure in the all-inclusive segment of the lodging industry, and is commonly used to assess the stated rates that guests are willing to pay through various distribution channels.

### ***Net Package Revenue per Available Room (“Net Package RevPAR”)***

“Net Package RevPAR” is the product of Net Package ADR and the average daily occupancy percentage. Net Package RevPAR does not reflect the impact of non-package revenue. Although Net Package RevPAR does not include this additional revenue, it generally is considered the key performance measure in the all-inclusive segment of the lodging industry to identify trend information with respect to net room revenue produced by our portfolio or comparable portfolio, as applicable, and to evaluate operating performance on a consolidated basis or a regional basis, as applicable.

***Net Package Revenue, Net Non-package Revenue, Net Revenue, Management Fee Revenue, Cost Reimbursements and Total Net Revenue***

“Net Package Revenue” is derived from the sale of all-inclusive packages, which include room accommodations, food and beverage services and entertainment activities, net of compulsory tips paid to employees in Mexico and Jamaica. Government mandated compulsory tips in the Dominican Republic are not included in this adjustment, as they are already excluded from revenue. Revenue is recognized, net of discounts and rebates, when the rooms are occupied and/or the relevant services have been rendered. Advance deposits received from guests are deferred and included in trade and other payables until the rooms are occupied and/or the relevant services have been rendered, at which point the revenue is recognized.

“Net Non-package Revenue” represents all other revenues earned from the operations of our resorts, other than Net Package Revenue, net of compulsory tips paid to employees in Mexico and Jamaica. Government mandated compulsory tips in the Dominican Republic are not included in this adjustment, as they are already excluded from revenue. Net Non-package Revenue includes revenue associated with guests' purchases of upgrades, premium services and amenities, such as premium rooms, dining experiences, wines and spirits and spa packages, which are not included in the all-inclusive package. Revenue not included in a guest's all-inclusive package is recognized when the goods are consumed.

“Net Revenue” represents Net Package Revenue and Net Non-Package Revenue. Net Revenue represents a key indicator to assess the overall performance of our business and analyze trends, such as consumer demand, brand preference and competition. In analyzing our Net Revenues, our management differentiates between Net Package Revenue and Net Non-package Revenue. Guests at our resorts purchase packages at stated rates, which include room accommodations, food and beverage services and entertainment activities, in contrast to other lodging business models, which typically only include the room accommodations in the stated rate. The amenities at all-inclusive resorts typically include a variety of buffet and á la carte restaurants, bars, activities, and shows and entertainment throughout the day.

“Management Fee Revenue” is derived from fees earned for managing hotels owned by third-parties. The fees earned are typically composed of a base fee, which is computed as a percentage of resort revenue, and an incentive fee, which is computed as a percentage of resort profitability. Management Fee Revenue was immaterial to our operations for the six months ended June 30, 2018, but we expect Management Fee Revenue to be a more relevant indicator to assess the overall performance of our business in the future as we enter into more management contracts.

“Total Net Revenue” represents Net Package Revenue, Net Non-package Revenue and Management Fee Revenue for the six months ended June 30, 2018 and Net Package Revenue and Net Non-package Revenue for the six months ended June 30, 2017. “Cost Reimbursements” is excluded from Total Net Revenue as it is not considered a key indicator of financial and operating performance. Cost reimbursements is derived from the reimbursement of certain costs incurred by Playa on behalf of resorts managed by Playa and owned by third parties. This revenue is fully offset by reimbursable costs and has no net impact on Operating (loss) income or Net income (loss).

The following table shows a reconciliation of Net Package Revenue, Net Non-package Revenue and Management Fee Revenue to total revenue for the three and six months ended June 30, 2018 and 2017:

***EBITDA, Adjusted EBITDA and Owned Resort EBITDA***

We define EBITDA, a non-U.S. GAAP financial measure, as net income or loss, determined in accordance with U.S. GAAP, for the period presented, before interest expense, income tax and depreciation and amortization expense. We define Adjusted EBITDA, a non-U.S. GAAP financial measure, as EBITDA further adjusted to exclude the following items:

- Other expense, net
- Impairment loss
- Pre-opening expense
- Transaction expenses
- Severance expense
- Other tax expense
- Gain on property damage insurance proceeds
- Share-based compensation
- Loss on extinguishment of debt

- Non-service cost components of net periodic pension cost (benefit)
- Other items which may include, but are not limited to the following: management contract termination fees; gains or losses from legal settlements; repairs from hurricanes and tropical storms; and Jamaica delayed opening accrual reversals.

We define Owned Resort EBITDA as Adjusted EBITDA before corporate expenses and management fee income.

We believe that Adjusted EBITDA is useful to investors for two principal reasons. First, we believe Adjusted EBITDA assists investors in comparing our performance over various reporting periods on a consistent basis by removing from our operating results the impact of items that do not reflect our core operating performance. For example, changes in foreign exchange rates (which are the principal driver of changes in other expense, net), and expenses related to capital raising, strategic initiatives and other corporate initiatives, such as expansion into new markets (which are the principal drivers of changes in transaction expenses), are not indicative of the operating performance of our resorts. The other adjustments included in our definition of Adjusted EBITDA relate to items that occur infrequently and therefore would obstruct the comparability of our operating results over reporting periods. For example, revenue from insurance policies, other than business interruption insurance policies, is infrequent in nature, and we believe excluding these expense and revenue items permits investors to better evaluate the core operating performance of our resorts over time.

The second principal reason that we believe Adjusted EBITDA is useful to investors is that it is considered a key performance indicator by our board of directors (our “Board”) and management. In addition, the compensation committee of our Board determines the annual variable compensation for certain members of our management based, in part, on consolidated Adjusted EBITDA. We believe that Adjusted EBITDA is useful to investors because it provides investors with information utilized by our Board and management to assess our performance and may (subject to the limitations described below) enable investors to compare the performance of our portfolio to our competitors.

EBITDA, Adjusted EBITDA and Owned Resort EBITDA are not a substitute for net income (loss) or any other measure determined in accordance with U.S. GAAP. There are limitations to the utility of non-U.S. GAAP financial measures, such as Adjusted EBITDA. For example, other companies in our industry may define Adjusted EBITDA differently than we do. As a result, it may be difficult to use Adjusted EBITDA or similarly named non-U.S. GAAP financial measures that other companies publish to compare the performance of those companies to our performance. Because of these limitations, EBITDA, Adjusted EBITDA, and Owned Resort EBITDA should not be considered as a measure of the income or loss generated by our business or discretionary cash available for investment in our business, and investors should carefully consider our U.S. GAAP results presented in this release.

### ***Adjusted Net Income***

“Adjusted Net Income” is a non-GAAP performance measure. We define Adjusted Net Income as net income attributable to Playa, determined in accordance with U.S. GAAP, excluding special items which are not reflective of our core operating performance, such as one-time expenses related to debt extinguishment and transaction expenses. We believe Adjusted Net Income provides meaningful comparisons of ongoing operating results, by removing from net income the impact of items that do not reflect our normalized operations.

Adjusted Net Income is not a substitute for net income or any other measure determined in accordance with U.S. GAAP. There are limitations to the utility of non-U.S. GAAP financial measures, such as Adjusted Net Income. For example, other companies in our industry may define Adjusted Net Income differently than we do. As a result, it may be difficult to use Adjusted Net Income or similarly named non-U.S. GAAP financial

measures that other companies publish to compare the performance of those companies to our performance. Because of these and other limitations, Adjusted Net Income should not be considered as a measure of the income or loss generated by our business or discretionary cash available for investment in our business, and investors should carefully consider our U.S. GAAP results presented in this release.

### ***Comparable Non-U.S. GAAP Measures***

We believe that presenting Adjusted EBITDA, Total Net Revenue, Net Package Revenue and Net Non-package Revenue on a comparable basis is useful to investors because these measures include only the results of resorts owned and in operation for the entirety of the periods presented and thereby eliminate disparities in results due to the acquisition or disposition of resorts or the impact of resort closures or re-openings in connection with redevelopment or renovation projects. As a result, we believe these measures provide more consistent metrics for comparing the performance of our operating resorts. We calculate Comparable Adjusted EBITDA, comparable Total Net Revenue, comparable Net Package Revenue and comparable Net Non-package Revenue as the total amount of each respective measure less amounts attributable to non-comparable resorts, by which we mean resorts that were not owned or in operation during some or all of the relevant reporting period. For the three and six months ended June 30, 2018, our non-comparable resorts were: Hilton Rose Hall Resort & Spa, Jewel Runaway Bay Beach & Golf Resort, Jewel Dunn's River Beach Resort, and Jewel Paradise Cove Beach Resort & Spa, which were acquired on June 1, 2018.

For a reconciliation of net income to Comparable Adjusted EBITDA as computed under U.S. GAAP, see "Non-U.S. GAAP Financial Measures." For a reconciliation of comparable net package revenue, comparable net non-package revenue, comparable management fee revenue and comparable total net revenue to total revenue as computed under U.S. GAAP, see "Net Package Revenue, Net Non-package Revenue, Net Revenue, Management Fee Revenue, Cost Reimbursements and Total Net Revenue" in this section.

We eliminate this expense from Adjusted EBITDA because it is substantially similar to the income tax provision we eliminate from our calculation of EBITDA.

<sup>(d)</sup> Represents a reversal on an expense accrual recorded in 2014 related to our future stay obligations provided to guests affected by the delayed opening of Hyatt Ziva and Hyatt Zilara Rose Hall. This reversal concluded in the first quarter of 2018.

<sup>(e)</sup> Represents the non-service cost components of net periodic pension benefit (cost) recorded within other (income) expense, net in the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss). Previously, these expenses were presented within direct expense. We include these benefits (costs) for the purposes of calculating Adjusted EBITDA as they are considered part of our ongoing resort operations.

<sup>(f)</sup> Adjusted EBITDA for Sagicor Hotels.

- (1) As of June 30, 2018, the total borrowing capacity under our revolving credit facility was \$100.0 million. The interest rate on outstanding balances of our revolving credit facility is L+300 bps with no LIBOR floor. As of June 30, 2018, the commitment fee on undrawn balances of our revolving credit facility is 0.5%.
- (2) The interest rate on our term loan is L+275 bps with a LIBOR floor of 1%. The interest rate was 4.8% as of June 30, 2018, which includes the LIBOR rate that was locked in on June 29, 2018 for the 1-month period of June 29, 2018 to July 31, 2018. Effective March 29, 2018, we entered into two interest rate swaps to mitigate the long term interest rate risk inherent in our variable rate Term Loan. The interest rate swaps have an aggregate fixed notional value of \$800.0 million. The fixed rate paid by us is 2.85% and the variable rate received resets monthly to the one-month LIBOR rate.
- (3) Based on cash balances on hand as of June 30, 2018.
- (4) Represents last twelve months interest expense and commitment fee and does not include amortization on deferred financing costs or the discount / premium on debt.

**Highlights**

**Yucatan Peninsula**

- Net Package RevPAR decreased 6.1% over the comparable period in the prior year, driven by a decrease in Net Package ADR of 3.4%, and a decrease in occupancy of 250 basis points. Results were impacted by the Easter holiday falling on April 16th in 2017 as compared to April 1st in 2018. During these additional two weeks of 2017, we were able to maintain increased rates across the market for high season.
- Owned Resort EBITDA decreased \$3.5 million or 11.8% over the prior year.
  - This decrease was primarily the result of all properties in this segment (except Hyatt Ziva Cancun and Hyatt Zilara Cancun), which accounted for a decrease of \$3.7 million in Adjusted EBITDA compared to the three months ended June 30, 2017. This was offset by strong performance of Hyatt Ziva Cancun and Hyatt Zilara Cancun, which accounted for a \$0.2 million increase. All properties within this segment have been affected by increased insurance premiums year over year which have contributed to the decrease in Adjusted EBITDA compared to the three months ended June 30, 2017.

**Pacific Coast**

- Net Package RevPAR decreased 10.5% over the comparable period in the prior year, driven by a decrease in Net Package ADR of 14.2%, which was partially offset by an increase in occupancy of 320 basis points. Results were impacted by the Easter holiday falling on April 16th in 2017 as compared to April 1st in 2018. During these additional two weeks of 2017, we were able to maintain increased rates across the market for high season. Additionally, Hyatt Ziva Los Cabos has had less group business due to cancellations versus the prior year, whereas results from Hyatt Ziva Puerto Vallarta have remained strong. As groups generally pay increased rates, a decrease in group business contributed to the decrease in Net Revenue compared to the three months ended June 30, 2017.
- Owned Resort EBITDA decreased \$2.7 million or 28.9% over the prior year.
  - This decrease was due to decreased Adjusted EBITDA by both hotels in this region. All properties within this segment have been affected by increased insurance premiums year over year which have contributed to the decrease in Adjusted EBITDA compared to the three months ended June 30, 2017.

**Dominican Republic**

- Net Package RevPAR increased 1.2% over the prior year, driven by an increase in occupancy of 320 basis points, which was partially offset by a decrease in Net Package ADR of 2.6%.
- Owned Resort EBITDA increased \$1.2 million, or 14.6%, over the prior year.
  - The increase was primarily due to the performance of Dreams La Romana and Dreams Palm Beach, which accounted for \$1.4 million increase in Adjusted EBITDA compared to the three months ended June 30, 2017. This was offset by Dreams Palm Beach which accounted for a \$0.2 million decrease in Adjusted EBITDA compared to the three months ended June 30, 2017. All properties within this segment have been affected by increased insurance premiums year over year which were an offset to the increase in Adjusted EBITDA compared to the three months ended June 30, 2017.

**Jamaica**

- Net Package RevPAR increased 14.4% over the prior year, driven by an increase in occupancy of 1,670 basis points, which was partially offset by a decrease in Net Package ADR of 9.1%
- Owned Resort EBITDA increased \$5.8 million, or 256.7%, over the prior year.
  - This increase was due to the performance of Hyatt Ziva and Zilara Jamaica which accounted for a \$3.0 million increase. The Hyatt Ziva and Zilara Jamaica continues to show positive results after completion of renovations in 2017. Furthermore, this increase is also attributable to the addition of Sagico properties, which accounted for the remaining \$2.8 million increase compared to the three months ended June 30, 2017. All properties within this segment have been affected by increased insurance premiums year over year which were an offset to the increase in Adjusted EBITDA compared to the three months ended June 30, 2017.

**Yucatan Peninsula**

- Net Package RevPAR decreased 3.4% over the comparable period in the prior year, driven by a decrease in Net Package ADR of 1.9% and a decrease in occupancy of 140 basis points. Results were impacted by the Easter holiday falling on April 16th in 2017 as compared to April 1st in 2018. During these additional two weeks of 2017, we were able to maintain increased rates across the market for high season.
- Owned Resort EBITDA decreased \$6.9 million or 9.6% over the prior year.
  - This decrease was primarily the result of all properties in this segment except Hyatt Ziva Cancun and Hyatt Zilara Cancun, which accounted for a decrease of \$8.1 million in Resort EBITDA compared to the six months ended June 30, 2017, offset by the performance of Hyatt Ziva Cancun and Hyatt Zilara Cancun, which accounted for a \$1.2 million increase in Adjusted EBITDA compared to the six months ended June 30, 2017. All properties within this segment have been affected by increased insurance premiums year over year which have contributed to the decrease in Adjusted EBITDA compared to the six months ended June 30, 2017.

**Pacific Coast**

- Net Package RevPAR decreased 4.2% over the comparable period in the prior year, driven by a decrease in Net Package ADR of 8.2% and partially offset by an increase in occupancy of 340 basis points. Results were impacted by the Easter holiday falling on April 16th in 2017 as compared to April 1st in 2018. During these additional two weeks of 2017, we were able to maintain increased rates across the market for high season. Additionally, Hyatt Ziva Los Cabos has had less group business due to cancellations versus the prior year, whereas results from Hyatt Ziva Puerto Vallarta have remained strong. As groups generally pay increased rates, a decrease in group business contributed to the decrease in Net Revenue compared to the six months ended June 30, 2017.
- Owned Resort EBITDA decreased \$3.0 million or 12.9% over the prior year.
  - This decrease was due to decreased Adjusted EBITDA by both hotels in this region compared to the six months ended June 30, 2017. All properties within this segment have been affected by increased insurance premiums year over year which have contributed to the decrease in Adjusted EBITDA compared to the six months ended June 30, 2017.

**Dominican Republic**

- Net Package RevPAR increased 1.2% over the prior year, driven by an increase in Occupancy of 140 basis points, which was partially offset by a decrease in Net Package ADR of 0.5%.
- Owned Resort EBITDA increased \$2.2 million, or 8.6%, over the prior year.
  - This increase was due to increased Adjusted EBITDA by all properties in this region. All properties within this segment have been affected by increased insurance premiums year over year which were an offset to the increase in Adjusted EBITDA compared to the six months ended June 30, 2017.

**Jamaica**

- Net Package RevPAR increased 6.2% over the prior year, driven by an increase in Occupancy of 800 basis points, which was offset by a decrease in Net Package ADR of 4.3%.
- Owned Resort EBITDA increased \$9.0 million, or 91.8%, over the prior year.
  - This increase was due to the strong performance by Hyatt Ziva and Zilara Rose Hall, which accounted for an increase in Adjusted EBITDA of \$6.2 million compared to the six months ended June 30, 2017. The Hyatt Ziva and Zilara Jamaica continues to show positive results after completion of renovations in 2017. Furthermore, this increase is also attributable to the addition of Sagicor properties, which accounted for the remaining \$2.8 million increase compared to the six months ended June 30, 2017. All properties within this segment have been affected by increased insurance premiums year over year which were an offset to the increase in Adjusted EBITDA compared to the six months ended June 30, 2017.
