"We have made great progress on the reopening front in recent months and couldn't be more pleased with the underlying demand we are seeing in the leisure traveler. Our business continues to see sequential improvement as additional flight capacity is introduced into our markets and our direct marketing strategy connects with consumers. Importantly, guest response to our Playa Safe Stay safety protocols has been received particularly well, which, combined with our direct marketing efforts, should lead to share gains going forward.

Playa has opened all our resorts in Mexico and Jamaica and will be opening the remainder of our resorts during the fourth quarter, completing the reopening process for the portfolio as a whole. Mexico has maintained the most consistent travel policies, which has led to more flight capacity being added back and positioning it as one of the strongest international tourist destinations in North America.

We are maniacally focused on our cash burn and liquidity, recognizing the reopening was only the first step in the recovery. We remain focused on areas within our control and our sales and operating teams are quickly adapting to the new normal and demand trends, fine tuning along the way to set us up for success during the upcoming high season."

– Bruce D. Wardinski, Chairman and CEO of Playa Hotels & Resorts

The COVID-19 pandemic and the public health measures that have been undertaken in response have had a significant adverse impact on the global economy, the travel and hospitality industries and our business starting in the first quarter of 2020. The effects of the COVID-19 pandemic, including related government restrictions, border closings, quarantines, “shelter-in-place” orders and “social distancing,” have significantly disrupted global leisure travel, and has adversely impacted global commercial activity, contributing to worldwide economic contraction and increased unemployment. We expect that the continuing economic fallout will create headwinds for leisure travel even after the current government restrictions are lifted.

Due to the spread of the COVID-19 pandemic and the associated restrictions placed on international travel, we temporarily suspended operations at all of our resorts in late March 2020 and subsequently began reopening our resorts on July 1, 2020.

As of November 1, 2020, 18 out of our 21 resorts have reopened:

Resort	Date Reopened
Hilton Playa del Carmen All-Inclusive Resort	7/1/2020
Hilton Rose Hall Resort & Spa	7/1/2020
Hyatt Zilara Cancún	7/1/2020
Hyatt Zilara Rose Hall	7/1/2020
Hyatt Ziva Cancún	7/1/2020
Hyatt Ziva Rose Hall	7/1/2020
Jewel Grande Montego Bay Resort & Spa	7/1/2020
Jewel Paradise Cove Beach Resort & Spa	7/1/2020
Panama Jack Resorts Cancún	7/15/2020
Sanctuary Cap Cana	7/15/2020
Hyatt Zilara Cap Cana	7/22/2020
Hyatt Ziva Cap Cana	7/22/2020
Secrets Capri	8/3/2020
Hyatt Ziva Los Cabos	9/24/2020
Dreams Puerto Aventuras	10/1/2020
Hyatt Ziva Puerto Vallarta	10/1/2020
Panama Jack Resorts Playa del Carmen	10/1/2020
Dreams Punta Cana	10/2/2020

We anticipate opening the remainder of our resorts during the fourth quarter of 2020.

Our resorts account for all of our revenue. The suspension of operations at our resorts and the severely reduced occupancy at the resorts that have reopened have had a significant adverse effect on our liquidity. As of September 30, 2020, we had \$195.5 million of available cash, excluding \$27.6 million of restricted cash. We have taken the following measures to mitigate the impact of the effects of the COVID-19 pandemic on our liquidity position:

- we announced on June 12, 2020 that we had raised \$224.0 million of additional capital from affiliates of Davidson Kempner Capital Management LP (“DK”) in the form of \$204.0 million of additional debt financing and \$20.0 million of equity financing at a price of \$4.10 per share;
- we sold the Jewel Dunn's River Beach Resort & Spa and the Jewel Runaway Bay Beach Resort & Waterpark for a total cash consideration of \$60.0 million. The transaction closed in May 2020;
- we borrowed an additional \$40.0 million under our Revolving Credit Facility in March 2020, increasing the amount outstanding on the facility to \$85.0 million;

- the temporary suspension of operations of all of our resorts significantly reduced the variable cost components of our resort-level operating expenses, including resort franchise and franchise-related fees, management fees and expenses related to our resort employees;
- we have deferred all of our non-critical capital expenditures planned for 2020 and intend to spend a minimal amount on emergency capital expenditures;
- we adopted temporary voluntary senior executive salary reductions while the majority of our resorts were closed, and our Chief Executive Officer's voluntary 100% salary reduction remains in place;
- we imposed temporary compensation cuts broadly throughout our corporate workforce and canceled all non-essential corporate travel and spending; and
- we have temporarily suspended repurchases of our ordinary shares under our share repurchase program until we have more visibility into the longer-term impact of COVID-19 and economic conditions improve.

In addition, the reduction in the size of our Board of Directors in 2020 to align with the Company's size and needs has and will continue to reduce our expenses.

We cannot predict when the effects of the pandemic will subside, and thus we cannot predict when we will be able to reopen our remaining resorts, whether our resorts will be permitted to remain open or when our business will return to normalized levels. There also can be no guarantee that when the effects of the pandemic subside that there will not be a later resurgence of the virus or that the demand for lodging, and consumer confidence in travel generally, will recover as quickly as other industries. The longer and more severe the pandemic, and the possibility of repeat or cyclical outbreaks of the virus beyond the one currently being experienced, the greater the material adverse effect the pandemic will have on our business, results of operations, cash flows, financial condition, access to credit markets and ability to service our indebtedness. See "Part II - Item 1A. Risk Factors" included in our Quarterly Report on Form 10-Q for additional information.

⁽¹⁾ Total Net Revenue represents revenue from the sale of all-inclusive packages, which include room accommodations, food and beverage services and entertainment activities, net of compulsory tips paid to employees, as well as revenue from other goods, services and amenities not included in the all-inclusive package. Government mandated compulsory tips in the Dominican Republic are not included in this adjustment as they are already excluded from revenue in accordance with U.S. GAAP. A description of how we compute Total Net Revenue and a reconciliation of Total Net Revenue to total revenue can be found in the section "Definitions of Non-U.S. GAAP Measures and Operating Statistics" below. Total Net Revenue also includes all Management Fee Revenue.

⁽²⁾ Owned Net Revenue excludes Management Fee Revenue and MICE (meetings, incentives, conventions and events) revenue.

⁽³⁾ A description of how we compute Owned Resort EBITDA and a reconciliation of net income to Owned Resort EBITDA can be found in the section "Definitions of Non-U.S. GAAP Measures and Operating Statistics" below.

⁽⁴⁾ A description of how we compute Adjusted EBITDA and a reconciliation of net income to Adjusted EBITDA can be found in the section "Definitions of Non-U.S. GAAP Measures and Operating Statistics" below.

⁽⁵⁾ For the three and nine months ended September 30, 2020, the comparable portfolio excludes the following: Hilton La Romana All-Inclusive Resort and Hilton Playa del Carmen All-Inclusive Resort, which were under renovation in 2019, Hyatt Ziva and Hyatt Zilara Cap Cana, a ground-up development opened November 2019, and Jewel Dunn's River Beach Resort & Spa and Jewel Runaway Bay Beach Resort & Waterpark which were sold in May 2020.

Balance Sheet

As of September 30, 2020, the Company held \$195.5 million in cash and cash equivalents, excluding \$27.6 million of restricted cash. Total interest-bearing debt was \$1,267.6 million, comprised of our Senior Secured Term Loan due 2024, property loan agreement due 2025 and outstanding balance on our Revolving Credit Facility. Effective March 29, 2018, we entered into two interest rate swaps to fix LIBOR at 2.85% on \$800.0 million of our variable rate Term Loan. As of September 30, 2020, there was \$84.7 million outstanding on our Revolving Credit Facility due 2022. In connection with an additional credit facility entered into in June 2020, we terminated the remaining \$15.0 million of unused capacity of our Revolving Credit Facility under our existing credit agreement.

The following is a reconciliation of our cash and cash equivalents from June 30, 2020 through September 30, 2020:

Playa also owns four resorts in Mexico and the Dominican Republic that are managed by a third party and Playa manages the Sanctuary Cap Cana in the Dominican Republic.

Forward-Looking Statements

This press release contains “forward-looking statements,” as defined by federal securities laws. Forward-looking statements reflect Playa’s current expectations and projections about future events at the time, and thus involve uncertainty and risk. The words “believe,” “expect,” “anticipate,” “will,” “could,” “would,” “should,” “may,” “plan,” “estimate,” “intend,” “predict,” “potential,” “continue,” and the negatives of these words and other similar expressions generally identify forward looking statements. Such forward-looking statements are subject to various factors that could cause actual outcomes or results to differ materially from those indicated in these statements., including the risks described under the sections entitled “Risk Factors” of Playa’s Annual Report on Form 10-K, filed with the SEC on February 27, 2020 and Quarterly Report on Form 10-Q filed August 6, 2020, as such factors may be updated from time to time in Playa’s periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this release and in Playa’s filings with the SEC. Currently, one of the most significant factors that could cause actual outcomes to differ materially from our forward-looking statements is the adverse effects of the current COVID-19 pandemic on the financial condition, operating results and cash flows of Playa, the airlines that service the locations where Playa owns resorts, the short and longer-term demand for travel, the global economy and the local economies where Playa owns its resorts, and the financial markets. As a result of the COVID-19 pandemic, all of Playa’s resorts temporarily suspended operations from March 2020 until July 2020 and operations at 3 resorts continue to be suspended. The extent to which the COVID-19 pandemic will impact Playa and consumer behavior will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, any resurgence of the pandemic after conditions initially improve, government actions taken to contain the pandemic or mitigate its impact, the speed and effectiveness of vaccine and treatment developments, and the direct and indirect economic effects of the pandemic and containment measures, including the magnitude of its impact on unemployment rates and consumer discretionary spending, among others. While forward-looking statements reflect Playa’s good faith beliefs, they are not guarantees of future performance. Playa disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data or methods, future events or other changes after the date of this press release, except as required by applicable law. You should not place undue reliance on any forward-looking statements, which are based only on information currently available to Playa (or to third parties making the forward-looking statements).

Occupancy

“Occupancy” represents the total number of rooms sold for a period divided by the total number of rooms available during such period. The total number of rooms available excludes any rooms considered “Out of Order” due to renovation or a temporary problem rendering them inadequate for occupancy for an extended period of time. Occupancy is a useful measure of the utilization of a resort’s total available capacity and can be used to gauge demand at a specific resort or group of properties during a given period. Occupancy levels also enable us to optimize Net Package ADR by increasing or decreasing the stated rate for our all-inclusive packages as demand for a resort increases or decreases.

Net Package Average Daily Rate (“Net Package ADR”)

“Net Package ADR” represents total Net Package Revenue for a period divided by the total number of rooms sold during such period. Net Package ADR trends and patterns provide useful information concerning the pricing environment and the nature of the guest base of our portfolio or comparable portfolio, as applicable. Net Package ADR is a commonly used performance measure in the all-inclusive segment of the lodging industry and is commonly used to assess the stated rates that guests are willing to pay through various distribution channels.

Net Package Revenue per Available Room (“Net Package RevPAR”)

“Net Package RevPAR” is the product of Net Package ADR and the average daily occupancy percentage. Net Package RevPAR does not reflect the impact of non-package revenue. Although Net Package RevPAR does not include this additional revenue, it generally is considered the key performance measure in the all-inclusive segment of the lodging industry to identify trend information with respect to net room revenue produced by our portfolio or comparable portfolio, as applicable, and to evaluate operating performance on a consolidated basis or a regional basis, as applicable.

Net Package Revenue, Net Non-package Revenue, Owned Net Revenue, Management Fee Revenue, Cost Reimbursements and Total Net Revenue

“Net Package Revenue” is derived from the sale of all-inclusive packages, which include room accommodations, food and beverage services and entertainment activities, net of compulsory tips paid to employees. Government mandated compulsory tips in the Dominican Republic are not included in this adjustment, as they are already excluded from revenue. Revenue is recognized, net of discounts and rebates, when the rooms are occupied and/or the relevant services have been rendered. Advance deposits received from guests are deferred and included in trade and other payables until the rooms are occupied and/or the relevant services have been rendered, at which point the revenue is recognized.

“Net Non-package Revenue” represents all other revenues earned from the operations of our resorts, other than Net Package Revenue, net of compulsory tips paid to employees. Government mandated compulsory tips in the Dominican Republic are not included in this adjustment, as they are already excluded from revenue. Net Non-package Revenue includes revenue associated with guests' purchases of upgrades, premium services and amenities, such as premium rooms, dining experiences, wines and spirits and spa packages, which are not included in the all-inclusive package. Revenue not included in a guest’s all-inclusive package is recognized when the goods are consumed.

“Owned Net Revenue” represents Net Package Revenue and Net Non-package Revenue. Owned Net Revenue represents a key indicator to assess the overall performance of our business and analyze trends, such as consumer demand, brand preference and competition. In analyzing our Owned Net Revenues, our management differentiates between Net Package Revenue and Net Non-package Revenue. Guests at our resorts purchase packages at stated rates, which include room accommodations, food and beverage services and entertainment activities, in contrast to other lodging business models, which typically only include the room accommodations in the stated rate. The amenities at

all-inclusive resorts typically include a variety of buffet and á la carte restaurants, bars, activities, and shows and entertainment throughout the day.

“Management Fee Revenue” is derived from fees earned for managing resorts owned by third parties. The fees earned are typically composed of a base fee, which is computed as a percentage of revenue, and an incentive fee, which is computed as a percentage of profitability.

“Total Net Revenue” represents Net Package Revenue, Net Non-package Revenue and Management Fee Revenue. “Cost Reimbursements” is excluded from Total Net Revenue as it is not considered a key indicator of financial and operating performance. Cost Reimbursements is derived from the reimbursement of certain costs incurred by Playa on behalf of resorts managed by Playa and owned by third parties. This revenue is fully offset by reimbursable costs and has no net impact on operating (loss) income or net (loss) income.

The following table shows a reconciliation of Net Package Revenue, Net Non-package Revenue and Management Fee Revenue to total revenue for the three and nine months ended September 30, 2020 and 2019 (*\$ in thousands*):

EBITDA, Adjusted EBITDA, Owned Resort EBITDA, Owned Resort EBITDA Margin and Adjusted EBITDA Margin

We define EBITDA, a non-U.S. GAAP financial measure, as net income or loss, determined in accordance with U.S. GAAP, for the period presented, before interest expense, income tax and depreciation and amortization expense. We define Adjusted EBITDA, a non-U.S. GAAP financial measure, as EBITDA further adjusted to exclude the following items:

- Other income or expense
- Pre-opening expense
- Transaction expenses
- Severance expense
- Other tax expense
- Gain on property damage insurance proceeds
- Share-based compensation
- Loss on extinguishment of debt
- Other items, which may include but are not limited to the following: management contract termination fees; gains or losses from legal settlements; repairs from hurricanes and tropical storms and impairment losses.

We include the non-service cost components of net periodic pension cost or benefit recorded within other income or expense in the Condensed Consolidated Statements of Operations in calculating Adjusted EBITDA as they are considered part of our ongoing resort operations.

“Owned Resort EBITDA” represents Adjusted EBITDA before corporate expenses and Management Fee Revenue.

“Owned Resort EBITDA Margin” represents Owned Resort EBITDA as a percentage of Owned Net Revenue.

“Adjusted EBITDA Margin” represents Adjusted EBITDA as a percentage of Total Net Revenue.

Adjusted Net (Loss) Income

“Adjusted Net (Loss) Income” represents net income or loss attributable to Playa, determined in accordance with U.S. GAAP, excluding special items which are not reflective of our core operating performance, such as one-time expenses related to transaction expenses.

Non-U.S. GAAP Measures

We believe that each of Net Package Revenue, Net Non-package Revenue, Owned Net Revenue, Total Net Revenue, Net Package ADR, Net Package RevPAR and Net Direct Expenses are useful to investors as they reflect our operating results by excluding compulsory tips. These tips have a margin of zero and do not represent our operating results.

We also believe that Adjusted EBITDA is useful to investors for two principal reasons. First, we believe Adjusted EBITDA assists investors in comparing our performance over various reporting periods on a consistent basis by removing from our operating results the impact of items that do not reflect our core operating performance. For example, changes in foreign exchange rates (which are the principal driver of changes in other income or expense), and expenses related to capital raising, strategic initiatives and other corporate initiatives, such as expansion into new markets (which are the principal drivers of changes in transaction expenses), are not indicative of the operating performance of our resorts. The other adjustments included in our definition of Adjusted EBITDA relate to items that occur infrequently and therefore would obstruct the comparability of our operating results over reporting periods. For example, revenue from insurance policies, other than business interruption insurance policies, is infrequent in nature,

and we believe excluding these expense and revenue items permits investors to better evaluate the core operating performance of our resorts over time. We believe Adjusted EBITDA Margin provides our investors a useful measurement of operating profitability for the same reasons we find Adjusted EBITDA useful.

The second principal reason that we believe Adjusted EBITDA is useful to investors is that it is considered a key performance indicator by our board of directors (our “Board”) and management. In addition, the compensation committee of our Board determines the annual variable compensation for certain members of our management based, in part, on consolidated Adjusted EBITDA. We believe that Adjusted EBITDA is useful to investors because it provides investors with information utilized by our Board and management to assess our performance and may (subject to the limitations described below) enable investors to compare the performance of our portfolio to our competitors.

Adjusted Net (Loss) Income is non-GAAP performance measure that provides meaningful comparisons of ongoing operating results, by removing from net income the impact of items that do not reflect our normalized operations.

Our non-U.S. GAAP financial measures are not substitutes for revenue, net income or any other measure determined in accordance with U.S. GAAP. There are limitations to the utility of non-U.S. GAAP financial measures, such as Adjusted EBITDA. For example, other companies in our industry may define Adjusted EBITDA differently than we do. As a result, it may be difficult to use Adjusted EBITDA or similarly named non-U.S. GAAP financial measures that other companies publish to compare the performance of those companies to our performance. Because of these limitations, our non-U.S. GAAP financial measures should not be considered as a measure of the income or loss generated by our business or discretionary cash available for investment in our business, and investors should carefully consider our U.S. GAAP results presented. A reconciliation of net income as computed under U.S. GAAP to Adjusted Net (Loss) Income is presented below.

Comparable Non-U.S. GAAP Measures

We believe that presenting Adjusted EBITDA, Total Net Revenue, Net Package Revenue and Net Non-package Revenue on a comparable basis is useful to investors because these measures include only the results of resorts owned and in operation for the entirety of the periods presented and thereby eliminate disparities in results due to the acquisition or disposition of resorts or the impact of resort closures or re-openings in connection with redevelopment or renovation projects. As a result, we believe these measures provide more consistent metrics for comparing the performance of our operating resorts. We calculate Comparable Adjusted EBITDA, Comparable Total Net Revenue, Comparable Net Package Revenue and Comparable Net Non-package Revenue as the total amount of each respective measure less amounts attributable to non-comparable resorts, by which we mean resorts that were not owned or in operation during some or all of the relevant reporting period.

Our comparable resorts for the three and nine months ended September 30, 2020 exclude the following: Hilton La Romana All-Inclusive Resort and Hilton Playa del Carmen All-Inclusive Resort, which were under renovation in 2019, Hyatt Ziva and Hyatt Zilara Cap Cana, a ground-up development open during November 2019 and Jewel Dunn’s River Beach Resort & Spa and Jewel Runaway Bay Beach Resort & Waterpark which were sold in May 2020.

A reconciliation of net income as computed under U.S. GAAP to comparable Adjusted EBITDA is presented below. For a reconciliation of Comparable Net Package Revenue, Comparable Net Non-package Revenue, Comparable Management Fee Revenue and Comparable Total Net Revenue to total revenue as computed under U.S. GAAP, see “Net Package Revenue, Net Non-package Revenue, Owned Net Revenue, Management Fee Revenue, Cost Reimbursements and Total Net Revenue” in this section.

Comparable Owned Resort EBITDA ^(g)	\$ (11,854)	\$ 26,077	\$ 18,226	\$ 139,078

^(a) Represents changes in foreign exchange and other miscellaneous expenses or income.

^(b) Represents expenses incurred in connection with corporate initiatives, such as: debt refinancing costs; other capital raising efforts; the redesign and build-out of our internal controls and strategic initiatives, such as the launch of a new resort or possible expansion into new markets.

^(c) Represents expenses incurred for employee terminations.

^(d) Relates primarily to a Dominican Republic asset/revenue tax, which is an alternative tax to income tax in the Dominican Republic. We eliminate this expense from Adjusted EBITDA because it is substantially similar to the income tax provision we eliminate from our calculation of EBITDA.

^(e) Represents the property and equipment impairment loss related to the sale of Jewel Dunn's River Beach Resort & Spa and Jewel Runaway Bay Beach Resort & Waterpark and the impairment loss on the goodwill of our Jewel Paradise Cove Beach Resort & Spa, Jewel Dunn's River Beach Resort and Jewel Runaway Bay Beach Resort & Waterpark reporting units.

^(f) Represents the non-service cost components of net periodic pension benefit (cost) recorded within other income (expense) in the Condensed Consolidated Statement of Operations. Previously, these amounts were presented within direct expense. We include these benefits (costs) for the purposes of calculating Adjusted EBITDA as they are considered part of our ongoing resort operations.

^(g) Comparable resorts for the three and nine months ended September 30, 2020 exclude the following: Hilton La Romana All-Inclusive Resort and Hilton Playa del Carmen All-Inclusive Resort, which were under renovation in 2019, Hyatt Ziva and Hyatt Zilara Cap Cana, a ground-up development opened November 2019, and Jewel Dunn's River Beach Resort & Spa and Jewel Runaway Bay Beach Resort & Waterpark which were sold in May 2020.

⁽¹⁾ As of September 30, 2020, the total borrowing capacity under our Revolving Credit Facility was \$0 million. The interest rate on outstanding balances of our revolving credit facility is L+300 bps with no LIBOR floor. As of September 30, 2020, the commitment fee on undrawn balances of our Revolving Credit Facility was 0.5%.

⁽²⁾ The interest rate on our terms loan consists of multiple rate structures including L+275 bps with a LIBOR floor of 1%, L+300 bps with a LIBOR floor of 1% and a fixed interest rate of 11.4777%. The effective interest rate on our term loans was 5.61% as of September 30, 2020, which includes the LIBOR rate that was locked in September for the 1-month period. Effective March 29, 2018, we entered into two interest rate swaps to mitigate the long-term interest rate risk inherent in our variable rate Term Loan. The interest rate swaps have an aggregate fixed notional value of \$800.0 million. The fixed rate paid by us is 2.85% and the variable rate received resets monthly to the one-month LIBOR rate. Effective June 12, 2020, we entered into \$94.0 million of additional senior secured credit facility term loans. The additional \$94.0 million is broken into 3 tranches: \$35.0 million term loan at a fixed rate of 11.4777%, \$31.0 million term loan at a fixed rate of 11.4777%, and \$28.0 million term loan at our option of either a base rate plus a margin of 2.00% or LIBOR plus 3.00% with a LIBOR floor of 1%.

⁽³⁾ Based on cash balances on hand as of September 30, 2020.

⁽⁴⁾ Represents last twelve months interest expense and commitment fee. The impact of amortization of deferred financing costs and discounts, capitalized interest and the change in fair market value of our interest rate swaps before we elected hedge accounting is excluded.
